### SYNAGIS Patient Savings Program

#### *For Eligible Commercially Insured Patients*

The goal of the SYNAGIS Patient Savings Program is to make every attempt to remove cost as a barrier to patients gaining access to SYNAGIS.

The out-of-pocket costs for patients will vary, but the goal is for eligible patients to pay no more than \$30 per dose of SYNAGIS. Maximum savings of \$2,000 per year.

There are no income requirements to participate in the program.

Talk to your doctor or pharmacist, who can help you enroll in the program and file claims on your behalf. Call Access 360 at **1-844-275-2360** with any further questions about this program.

### Eligibility Requirements

- Patient's out-of-pocket costs for SYNAGIS are greater than \$30
- Must be a resident of the United States or Puerto Rico
- Offer is invalid for claims or transactions more than 120 days from the date of service.

Patients are ineligible if prescriptions are paid by any state or other federally funded programs, including, but not limited to, Medicare Part B, Medicare Part D, Medicaid, Medigap, VA or TRICARE, or where prohibited by law. Eligibility rules apply. Additional restrictions may apply.

The SYNAGIS Patient Savings Program covers the cost of the drug only, and does not cover costs for administration of SYNAGIS, office visits, or any other associated costs.

### Other Resources

#### *For Patients Requiring Additional Assistance*

AstraZeneca Access 360<sup>™</sup> can provide information about independent foundations that may be able to assist with out-of-pocket costs.

- Access 360 does not guarantee support by independent foundations. Each foundation sets their own eligibility requirements and support determinations
- Once Access 360 provides foundation contact information, talk to your doctor, who can help you apply for foundation support
- For more information, call Access 360 or visit <https://www.astrazeneca-us.com/medicines/Affordability.html> for a list of foundations

***If you're without prescription coverage or can't afford your medication, AstraZeneca may be able to help. Please visit [www.AstraZeneca-us.com](http://www.AstraZeneca-us.com) for more information.***
